

# Nathan J. Doogan

---

CONTACT INFORMATION	College of Public Health The Ohio State University 200A Cunz Hall 1841 Neil Ave. Columbus, OH 43210 USA	<i>E-mail:</i> doogan.1@osu.edu <i>Twitter:</i> @ndoogan <i>WWW:</i> doogan.us
OBJECTIVE	A faculty position in a social work unit at a research oriented university with an emphasis towards any or all of my areas of interest	
RESEARCH INTERESTS	<i>Addiction:</i> Particularly milieu oriented treatment and recovery contexts utilizing the power of social connection and cooperation as the core of treatment  <i>Tobacco Control:</i> Health equity and social justice in relation to tobacco, with a current focus on rural tobacco use disparities  <i>Networks:</i> Many natural and engineered systems—including social systems—consist of multiple interrelated parts and are therefore well represented by and studied as networks	
EDUCATION	<b>The Ohio State University</b> , Columbus, Ohio USA <ul style="list-style-type: none"><li>• <i>Ph.D., Social Work, Spring 2014</i><ul style="list-style-type: none"><li>– Specialization: system science</li><li>– Dissertation topic: therapeutic community resident semantic networks and recidivism outcomes</li><li>– Adviser: Professor Keith Warren</li></ul></li><li>• <i>Master of Social Work, Spring 2008</i><ul style="list-style-type: none"><li>– Thesis topic: exploring therapeutic community residential interactions using agent-based modeling</li><li>– Internship: Franklin Co. Alcohol, Drug, and Mental Health Board</li><li>– Adviser: Professor Keith Warren</li></ul></li><li>• <i>B.S., Social Work, Spring 2006</i><ul style="list-style-type: none"><li>– Internship: home-based counseling at Directions for Youth and Families in Columbus, OH</li></ul></li></ul>	
PROFESSIONAL EXPERIENCE	<b>The Ohio State University (OSU)</b> , Columbus, OH <ul style="list-style-type: none"><li>• <i>Post Doctoral Fellow with Mary Ellen Wewers (Public Health) . . . . . 7/2014—7/2017</i><ul style="list-style-type: none"><li>– National Institutes of Health post-doctoral trainee</li><li>– experiences: project leadership, collaboration, personnel training, presentation, grant and manuscript writing, data analysis and modeling work</li></ul></li><li>• <i>Grad. Research Associate with Alicia Bunger (Soc. Work) . . . . . 8/2013—6/2014</i><ul style="list-style-type: none"><li>– questionnaire design</li><li>– focus group facilitation</li><li>– electronic survey data collection</li></ul></li><li>• <i>Grad. Student Lecturer—Research &amp; Stats. (Soc. Work) . . . . . 9/2011—6/2012</i><ul style="list-style-type: none"><li>– three course series including basic research, statistics, and facilitation of hands-on group research experience (see Teaching section below)</li></ul></li></ul>	

- *Grad. Research Associate with Dana Haynie (Sociology)* ..... 7/2011—8/2012
  - longitudinal social network and behavior coevolution modeling
  - grant proposal and manuscript preparation
  - substantial work with Add Health data
- *Grad. Research Associate with Keith Warren (Soc. Work)* ..... 9/2008—6/2011
  - management of large longitudinal relational data set
  - longitudinal social network analysis
  - agent-based model programming and exploration
  - manuscript preparation
- *Work Study with Keith Warren (Soc. Work)* ..... 9/2007—6/2008
  - agent-based model design and programming (NetLogo)
  - pilot study for NIDA grant application
  - literature review

**Directions for Youth and Families, Columbus OH**

- *Licensed Social Worker* ..... 7/2006—8/2007
  - home-based counseling for adolescent youth

TEACHING

**Lead Lecturer in Three-Course Undergraduate Research Series**

- *Introduction to Research Methods (SWK 571)* ..... Fall 2011
  - primarily lectured a classroom of approximately 25 students
- *Introduction to Statistics for Social Scientists (SWK 570)* ..... Winter 2012
  - lecture (25 students) and lab section (12 students)
  - developed high quality specialized visuals to convey complicated material
  - developed hands-on lab section for practicing inferential statistical analyses
- *Applied Research (SWK 572)* ..... Spring 2012
  - interactive group work and lecture with 25 students
  - guided design and execution of small group-based research projects
  - facilitated student research symposium with faculty judges

**Teaching Assistant**

- *Introduction to Statistics for Social Scientists (SWK 570)* ..... Fall 2010
  - design of data and analysis examples
  - interactive computer lab sessions

OTHER PRESENTATIONS

Haynie, D., Soller, B., **Doogan, N. J.** & Keenan, C. (2014). Adolescent Social Networks and Sexual Behavior. Given to The College of Public Health Quantitative Research Group. The Ohio State University, Columbus, OH.

**Doogan, N. J.** (2010). Tools for systems science exploration: Agent-based modeling and RSiena. Given to students of an introductory doctoral course by request of Dr. Keith Warren, The Ohio State University in Columbus, OH.

AWARDS

**Grants**

- 1R21CA205589-01 (Co-PIs: Stillman & Wewers) 6/2016—6/2018  
NIH/National Cancer Institute \$239,250

*Defining the urban-rural continuum and distinguishing rural differences to prevent tobacco use*

The purposes of this application are to assess utility of several common definitions vs. a new definition of urban-rural continuum to explain variation in tobacco-related outcomes and determine similarities/differences across two rural populations (Appalachia, Southern/Delta) with regard to factors that contribute to high prevalence of tobacco use.

Role: Co-Investigator

**Other**

- *American Society of Preventive Oncology Travel Award (top ranked abstract)* .. 2016
- *Merriss Cornell Distinguished Researcher (outstanding dissertation)* ..... 2014
- *Merriss Cornell Scholarship (outstanding dissertation proposal)* ..... 2013
- *Criminal Justice Research Center Student Travel Grant* ..... 2012
- *College of Social Work “Ask Fred” Student Research Travel Fund* ..... 2008

SERVICE

**Research Review**

- *Ad Hoc Journal Review*
  - Social Networks
  - Network Science
  - Preventive Medicine
  - Social Science Research
  - Journal of Early Adolescence
  - Criminal Justice and Behavior
  - Evaluation and Program Planning
  - Journal of Quantitative Criminology
  - Journal of Artificial Societies and Social Simulation
  - Computational and Mathematical Organization Theory

**Academic Volunteerism**

- *Student research poster judge* ..... 2012
- *College of Social Work (OSU) Research Sympos. volunteer/coordinator* .. 2009–2011
- *Social Work Doctoral Student Org.: Officer/Member* ..... 2008—2014
- *Social Work Student Association: Officer* ..... 2005—2006

AFFILIATIONS      Center of Excellence in Regulatory Tobacco Science at The Ohio State University  
 Tobacco Centers of Regulatory Science Vulnerable Populations Working Group (Nat'l)  
 Society for Research on Nicotine & Tobacco  
 Criminal Justice Research Center at The Ohio State University

PROFESSIONAL      Write Winning Grant Proposals with David Morrison ..... 9/2015  
 DEVELOPMENT      Geographic Information Systems Workshop at The Ohio State University ..... 7/2015  
 Infectious Disease Dynamics (applied diff. equations) with Joe Tien (OSU) ..... 2014  
 Multivariate Data Analysis Course (using SIMCA) with Umetrics ..... 8/2014  
 STELLA System Dynamics Workshop ..... 6/2012  
 Agent-Based Modeling Workshop with Spiro Maroulis (Northwestern U.) ..... 5/2012  
 Longitudinal Social Network Analysis Using RSiena with Christian  
 Steglich (University of Groningen) ..... 6/2011  
 Introduction to Networks with James Moody (Duke U.) ..... 5/2011  
 Networks Short Course in R with Bruce Desmarais (UMass-Amherst) ..... 5/2011

TECHNICAL  
 SKILLS

**Data Analysis**

- *Regression Modeling*
  - generalized linear mixed models (GLMM) / hierarchical linear models (HLM)
  - event history / survival models
- *Social Network Methods*
  - statistical description and visualization
  - inferential models of cross sectional, longitudinal, and multiplex network data
- *Miscellaneous Techniques & Tools*
  - agent-based modeling
  - systems dynamics modeling
  - analysis of data from complex survey designs
  - geographic information systems (GIS)
  - Bayesian inference
  - Monte Carlo methods
  - high quality statistical graphics (R)

**Data Management, Computing, and Programming**

- *R*: statistical computing, data linkage, manipulation, and visualization
- Stan: probabilistic programming language and sampler for Bayesian inference
- *MySQL, MS Access*: database software
- *Super Computing Services*: e.g., Ohio Supercomputer Center

**Productivity**

- *Zotero*: reference management
- *MS Word, Excel, Access, PowerPoint, Publisher*: many popular productivity applications
- *L<sup>A</sup>T<sub>E</sub>X, B<sub>I</sub>B<sub>T</sub>E<sub>X</sub>, PSTricks*: typesetting, bibliography, and vector based graphics for creating professional technical documents such as this CV
